Kedar the director once had a thought,
To make a movie that in many, was sought,
He narrated the idea to Saurabh his brother,
And within a jiffy, he considered producing no other!

Making a movie seemed to be fine,
But to write a script could give a hell of a time,
With years of experience and knowledge about the field,
Dr. Nigavekar's words got the story sealed!

The movie they said would cover something new,
Animation and gaming was Commodore Khandekar's view,
And Girish Kemkar set the world of media unfold,
With Abhijeet Atre who helped develop
the tools that had the hold.

Capturing the right scenes,
And to set them in a reel,
It was unanimously decided,
That it would be Dharmendra Chavan's deal!

To animate the moments Harold got on board,
To choreograph the emotions, Vrushali was floored,
To tech it up all, Akhlaque was the dean,
As a team, these animators added life in every scene.

To add that special effect and to make it look like a dream, Chetan Deshmukh was the one to add the glittery magical beam.

Looking out for a location,
The criteria's were met,
At Emerald house finally,
All eyes were set.

While the Creative Head
Aniruddh helped create the hype,
The Marketing Head Priti was
the one who displayed it right!

With the team growing bigger,
Rashmi lead with vigor,
Managing the accounts was the key,
Which Milind was left to see.

With Shripad at the distributions,
And Gaurav at the front,
Ankita came up with solutions,
And supported the star cast hunt.

To design the costumes,
To keep the styles new,
Rasika and Narendra,
Were sorted from the few.

The movie crew was ready,
And so was the movie theme,
To keep the publicity steady,
Manali, Shantanu and Vinayak were the Continuum team.

To set the location right,
To make it look elite,
Raina made an awesome effort,
That none other could beat.

To safeguard the location
And to shrug of the neighbors eye,
Mishraji and Nandgaonkar Kaka,
Stayed vigil as a spy.

The movie was finally complete
Months of hard work and the story was a treat,
The star cast as one had awaited to see,
Were the students who hit the superhit key!

TEAMWORK

Days of hard work, Nights full of thoughts,
This was the making of SeamEdu,
And the people who contributed a lot!
